Any objection or suggestion which may be received from any person with respect to the said draft before the date specified will be considered by the Council of the Institute of Cost and Works Accountants of India.

In the said Regulations :

I. In Regulation 20, after the heading "Conditions for registration" and before the sentence beginning with "Every person applying to become.....", the figure in brackets "(1)" shall be inserted.

II. In Regulation 20, the following sub-regulation (2) shall be added, namely :

"Every person applying to become a registered student shall also be required to apply simultaneously for enrolment of his name with the Coaching Administration (referred to in Regulation 28A) for undergoing a course of postal tuition, unless he produces evidence that he has enrolled his name for a course of oral tuition with any of the institutions recognised for the purpose by the Council under the rules relating to the said Coaching Administration."

#### EXPLANATORY NOTE ON THE ABOVE AMENDMENTS

The following is the explanatory note on the amendments proposed in Notification No. CWR(1)/70 dated 20th April 1970. This note is intended only to clarify the intention of the Council underlying these amendments and should not be construed as limiting or amplifying the scope of these proposed amendments in any manner whatsoever.

I & II. As the Regulations stand at present a person may first seek admission as a registered student of the Institute and may thereafter enrol his name with the Coaching Administration for undergoing postal tuition or enrol with a recognised institution for being imparted oral tuition. As it is found that many registered students do not join the coaching scheme either oral or postal for a considerable period of time, it is now proposed to make it compulsory for a person seeking admission as a registered student to simultaneously apply for enrolment for postal tuition or, if he opts for oral coaching, to insist on his enrolment for such oral coaching with any recognised institution prior to his applying for admission as a registered student.

III & IV. According to the existing Regulations, the present syllabus relating to the Intermediate and Final examinations will cease to be operative after January 1971. As the Council of the Institute is now seized with the revision of the syllabus contents to be introduced in place of the existing syllabus, it is proposed to extend the present syllabus upto and inclusive of July 1974 examination, so that the candidates registered as students upto 31st March 1971 will be eligible to take the Intermediate Examination in the present syllabus until July 1974 examination inclusive and if they fail they will be required to appear in and pass the corresponding examination under the Revised Syllabus. Similarly those who pass the Intermediate examination prior to April 1971 will be eligible to take Final Examination under the present syllabus until July 1974 examination inclusive and if they fail, they will be required to appear in and pass the corresponding examination under the Revised Syllabus.

V & VI. Amendments to the Regulations to increase the annual membership fee payable by the Associate and Fellow members and to discontinue charging of annual subscription to the Regional Council have already been proposed and are presently awaiting the approval of the Central Government. In the amendments proposed to Regulations 131 and 144 in this Notification, reference to such annual subscription to Regional Council is sought to be omitted.
